Import Libraries

In [3]:

```python
import numpy as np # Linear algebra
import pandas as pd # data processing, CSV file
import string # special operations on strings
import spacy

from matplotlib.pyplot import imread
from matplotlib import pyplot as plt
from wordcloud import WordCloud
%matplotlib inline
```

In [4]:

```python
# Load data sets
tweets = pd.read_csv("C:/Users/Hp/Downloads/Elon
tweets
```

Out[4]:

	Unnamed: 0	
0	1	@kunalb11 I
1	2	@ID_AA_Carmack Ray tracing on Cyberpu
2	3	@joerogan @Spotify Grea
3	4	@gtera27 Doge is unde
4	5	@teslacn Congratulations Tesla China f
...	...	
1994	1995	@flcnhvy True, it sounds so surreal,
1995	1996	@PPathole Make sure to read ur terms &a
1996	1997	@TeslaGong @PPathole Samwis
1997	1998	@PPathole Altho Dumb and Dumber is <U+0
1998	1999	Progress update

1999 rows × 2 columns

In [5]:

```python
# Drop 'Unnamed: 0' from dataset
tweets.drop(['Unnamed: 0'],inplace=True,axis=1)
```
